

LUCAS OIL PRODUCTS, INC. PRODUCT DATA SHEET

EXTREME DUTY GUN CLEANER

Lucas Oil Extreme Duty Gun Cleaner's high-pressure spray contains a unique blend of solvents and cleaning agents designed to blast away powder residue, grease, oil and other debris from firearm actions, slides, barrels and parts.

Lucas Oil Extreme Duty Gun Cleaner is safe on all firearm factory finishes and coatings and will not harm polymer accessories with incidental contact. This unique formula effectively displaces water, which helps prepare firearms for storage after a long day in inclement weather on the trail.

It leaves zero residue and is quick drying, ideal for final degreasing of firearms prior to bluing, Parkerizing or spray finish applications.

Lucas Oil Extreme Duty Gun Cleaner is non-chlorinated, CFC free, and VOC compliant. Use caution to avoid overspray onto surrounding surfaces or plastics as some plastics may be discolored or damaged if sprayed.

PART NUMBER AND SIZE:

10905 - 11 Ounce (Case of 12)

FEATURES AND BENEFITS:

- Superior cleaning and fast drying formula.
- Non-chlorinated and CFC free.
- Safe on all factory finishes and polymer accessories

MAIN APPLICATIONS:

Suitable for use with all firearms, hand guns and long guns. Avoid plastic and painted surfaces which may be adversely affected by the powerful solvents in Extreme Duty Gun Cleaner.
